

Meeting In Posusje

April 14 2008

Federal minister of physical planning M. Sci. Salko Obhodas, visited Posusje for a meeting with ministers of cantonal ministries in charge of spatial planning and construction, and representatives of the Project USAID SPIRA.

Mr. Vitomir Filipovic, chairman of the Canton Zapadna Herzegovina Assembly, and Mr. Ante Bosnjak mayor of Posusje, participated actively in the meeting.

The topic of the meeting was proposal on changes and supplementations of Cantonal Laws on spatial planning done by USAID SPIRA. After discussions, the decision was taken for all ministries in charge of spatial planning and construction to prepare text of the law on spatial planning and to propose it to the Cantonal governments for adoption and further procedure; not later than September 2008.

Second topic of the meeting was illegal construction and related problems. Work group formed by Federal minister of physical planning, prepared information on illegal construction; containing overview of illegal construction in all cantons, and proposals to prevent illegal construction. After discussions of all participants the information on illegal construction was adopted. As the problem of illegal constructions exists in cantons, therefore this will be the topic for next meetings as well.
